

Wish List

CSS offers two projects to help individuals and families who are in great need of material assistance:

Pathways to Hope – works with women with children who are fleeing domestic violence by rapidly moving them into permanent housing and providing intensive case management for up to two years (clients are referred by CHOICES)

HOME Choice – helps coordinate transitioning of qualified individuals from nursing homes and other long-term care facilities into their own homes in the community. Often these individuals are recovering from severe injuries, strokes or long-term illnesses and need help to set up their new homes.

Following is a wish list of needed items: To provide a positive fresh start, all items must be new or like new
